Greaves on Garments

May 1-2, 2015

Jason- Princredible Inc. - Illinois

"I left the workshop feeling stuffed. Stuffed full of great food, and even more importantly, stuffed full of awesome knowledge. From the eye-opening explanations of the hidden science of printing, to the after-hours networking. I learned things from morning to night that will help immediately in making our shop produce work faster and of better quality."

"Excellent session that opened my eyes to many different ways to look at problems, useful information that will help make us much more productive."

Mark- Flying Colors Imprinting- Michigan

Terry- Acadiana Tee Shirts-Louisiana

"This class helped me understand that what I'm doing isn't wrong, but there are more efficient ways to do things."

Dylan- Moonlight Promotions-New York

"Having the opportunity to come to Mind's Eye especially for a lecture is possibly the best chance for any screen maker. Experienced or not."

Patricia- Great Image Design-Kansas

"Greg and his people did an awesome job of putting together a professional and informative workshop. Great venue-great hospitality-advanced training. Looking forward to the next opportunity."

Doug- Desoto Shirt and Hat-Florida

“The instructor allows you to step back and observe areas of business and your craft where improvements can occur.”

“Thanks for a great learning experience. Observing another shop and it's operation was as instructive as the class in my case. Neither Douglas Harrison nor myself are at the production or proficiency level of the others, but talking with others in the class and listening to you and Richard removed some blinders we had. And I appreciate you checking to be sure the class was getting to us at our level.”

Alex- Twin City Tees-Minnesota

“Come to learn things you didn’t even know you didn’t know.”

Keith- Insane Apparel-New York

“If I can make the 12 hour drive twice and I am sure I will make it many more times, there is no reason anyone else can't make it. If it wasn’t worth it I wouldn’t be back.”

Kevin- Acadiana Tee Shirts-Louisiana

“Mind’s Eye was mind blowing!”

Douglas- Inky Dinky Screenprinting-Michigan

“I will look at my business through a different lense after this.”

Zack- Blue Moon-Ohio

“Mind’s Eye is the smoothest running shop I’ve been in, and I’ve been in very many shops.”

Charlie (Hoogie)-Hoogies Sports House-Indiana

“A must attend event for any level or size of business or shop.”
