

**ELT**  
EXTREME LOW TEMPERATURE

Take the One Stroke Inks printing challenge  
with an innovative new plastisol ink.

**SANMAR**

Visit [www.printelt.com](http://www.printelt.com) for more information about the ELT Series inks. Visit [www.sanmar.com](http://www.sanmar.com) for your blank apparel needs.

## ELT Sample Kit:

Here is your chance to try our new extreme low temperature ink on popular styles from Sanmar®. ELT Series inks were formulated to put an end to problems such as dye migration, shrinking, ghosting, scorching, and cracking. Turn down your dryer, save energy costs, and protect your fabrics!

## Included in the kit:

- \* (6) 8 oz. ELT Series ink samples: black, gold, medium royal, scarlet, white, and digital black underbase.
- \* (1) Signature Color Book.
- \* (1) Package of Set #4 Thermolabels (240°F to 280°F).
- \* (1) Printed District® DT5000 tee in neon yellow.
- \* (1) Blank Sport-Tek® ST370 Camohex tee in iron gray.
- \* (1) Blank Sport-Tek® LST700 v-neck tee in purple.
- \* (1) ELT Tech Sheet including detailed printing suggestions.
